STRIKERS MARCHING.

They Are Attempting to Close Some of the Collieries Working.

A PARTY REPULSED.

When a Crowd Undertook to Shut up One Mine Troops Appeared and After Some Excitement Were Forced Back.

Lansford, Pa., Oct. 16.—More than 2000 striking mine workers made a descent upon the 10 collieries of the Lehigh Coal and Navigation company in the Panther Creek valley early this morning. They came to this place by two separate roads. One crowd shut up the Nesquehoning colliery while the other mob was driven back to Tamaqua and was dispersed by a battalion of troops after an exciting time. No one was hurt. The troops had been ordered to the district in anticipation of the march.

OUTLOOK UNCERTAIN.

Unless Operators and Miners Get Together the Strike Will Continue.

Scranton, Pa., Oct. 16.—The chances for an amicable settlement of the strike in the anthracite region is growing less every day. The miners stand firm in demanding other concessions than the 10 per cent advance and the operators are firm not to grant any of the terms demanded, especially the recognition of the mine workers' union.

Operators at some places are attempting to get the men to return to work pending a settlement, but so far their efforts have been in vain.

President Mitchell seems to have all the strikers well in hand and unless there is some sudden change they will not resume work without word from him, and that must come officially.

Despite the active canvass made Monday by a number of men to induce the miners to work in the collieries between Shamokin and Hickory Ridge, no one reported for duty and the persons circulating petitions asking the men to resume work pending a settlement of the terms of the Scranton convention have been disappointed.

OPINION AT NEW YORK.

Most Coal Men Believe the Strike Will Soon Terminate.

New York, Oct. 16.—Local coal dealers say that the great strike is fast nearing an end, and that the miners will go back to work within a week. The heads of the big coal carrying roads say little to confirm such an opinion, but one of them, after being pressed for his own views, intimated that there would be a settlement in the near future. Others laid the responsibility on President Mitchell, saying that he has not informed them officially of the results of the Scranton convention.

Many rumors have been in the air. One story was that a gigantic coal strike was planned for next April in which both anthracite and bituminous coal miners would combine for still higher wages. The hinge upon which this story turned was the resolution that the wage schedule as demanded by the miners was only to obtain it until next April, at which time the agreement between the soft coal operators and their employees will terminate. It is said that should the miners in both hard and soft coal mines unite in declaring a strike, the paralysis that would follow would put the miners in condition to dictate terms on short notice.

President Maxwell of the Central railroad of New Jersey, took a rather optimistic view of the situation. He said: "The action of the Scranton convention indicates progress toward a settlement, but I am not in a position to say when it will come. The miners appear to look on conditions with more conservative views than was at first expected. I have had no formal notice of the convention's propositions and only know of them through the newspapers."

Wholesale prices for coal have stiffened. This is due, it is said, to the fact that wholesale dealers feel the strike will soon end, and wish to get a still bigger margin while it is yet possible. Retail prices range from \$6.50 to \$6.75 for white ash and \$7 to \$7.25 for red ash delivered to families. The price before the strike was \$5.

Information was received at the Delaware and Hudson office that the washeries of that company near Scranton were in operation for the first time since the beginning of the strike.

Strike Against Reduction.

New Haven, Oct. 16.—Three hundred and fifty hands employed at the New Haven rolling mill are on strike. The men complain of a reduction in wages ranging from 5 to 17½ per cent.

Galveston Benefit at London.

London, Oct. 16.—The Galveston relief fund benefit packed Drury Lane theater to the utmost capacity here. There were many prominent people in

attendance, including the whole of the American colony. United States Ambassador Choate and Mrs. Choate and Henry White, secretary of the United States embassy, were among those present.

Pao Ting Fu Captured.

London, Oct. 16.—A dispatch from Shanghai states that Pao Ting Fu was captured on Saturday by the force of 7000 allies sent from Peking for that purpose.

RUSSIA HARD UP.

Trying to Secure Loans in France and the United States.

Washington, Oct. 16.—The fact that Russia is endeavoring to raise a \$150,000,000 loan in New York and Paris may explain why Russia has been so anxious to induce the powers to retire from Peking. She is so desperately hard up she cannot stand the strain of a prolonged campaign in China and the fact she is trying to borrow money is perhaps one of the surest guarantees of international peace.

In Paris Russia is trying to induce the Rothschild's to lend her 500,000,000 (\$100,000,000). In New York a financial house is trying to form a syndicate to lend Russia 50,000,000 American dollars.

As the details have not been settled and there are still differences of opinion between the American financiers and the Russian government as to the issue price of the loan and the rate of interest the firm name is withheld for the present.

As America is the heavier creditor of the nation and has more moneyseeking investment than can be profitably employed it is not unlikely that a Russian loan can be negotiated in New York provided the security and interest are satisfactory.

AMERICANS SURPRISED.

Filipinos Scatter a Squad of Twenty, Capturing Several of Them.

Manila, Oct. 16.—A detachment of 20 men of the Twenty-fourth regiment, while engaged in repairing telegraph wires on Oct. 10, at a point near San Jose, Nuevo Ecija province, Island of Luzon, were set upon by 200 rebels and overpowered and scattered. Seven of the Americans reached San Jose, but it is probable the others were captured.

The enemy surprised a party of scouts of the Forty-third infantry at a point 3 miles from Takloban, Leyte, killing 3 of the Americans at the first volley. Two escaped and gave the alarm but the enemy succeeded in evading their pursuers. Native police of Takloban had conspired to surprise the Americans.

The bodies of the dead soldiers were badly mutilated.

IMBODEN ESCAPES.

The Case Against Him Dismissed on the Ground of Insufficient Evidence.

Kansas City, Oct. 16.—The case against Leonard H. Imboden, who in Sept. 1896, was sentenced to the penitentiary for 10 years for conducting a "wild cat" bank, has been dismissed. Imboden appealed to the supreme court which recently decided that there was not sufficient evidence produced to warrant conviction. When the case was called here for retrial the prosecuting attorney having no new evidence decided that it was useless to prosecute the case further. Imboden was charged with starting the Planters bank in Kansas City without capital and forging a draft for \$15,000 to obtain capital.

Blown To Atoms.

Hot Springs, Ark., Oct. 16.—A father, mother and four young children were blown to atoms at Sells, 14 miles from here. The family home was wrecked by an explosion of dynamite. The names of the unfortunate people are: Jeff and Maggie Jones and their children ranging in age from 6 years to 4 months. It is believed a dispute over a homestead claim prompted the outrage.

Indians Oppose Taxes.

Ardmore, I. T., Oct. 16.—A small band of disgruntled Creek Indians in the Territory are reported preparing to give the government trouble. They oppose the paying of tribal taxes and will fight the measure. Indian agents are preparing for any emergency. The Indians want the old custom to continue in vogue.

Roland Reed Again Sick.

New York, Oct. 16.—Roland Reed, the actor, who underwent two operations in St. Luke's hospital for stomach trouble last winter, has returned to be operated upon again. He was obliged to close his season in the west on account of a recurrence of his trouble, and is in a critical condition.

The Kurds Causing Trouble.

Constantinople, Oct. 16.—The tribal risings among the Kurds are assuming threatening proportions. The authorities are greatly concerned. Troops had to intervene in the Diarbekir district where a number of Christian and Musselman villages have been razed.

Blackburn's Son-in-Law Suicided.

Washington, Oct. 16.—Thomas F. Lane, son-in-law of United States Senator Blackburn of Kentucky, committed

LADIES.

DRUG COMPANY, 'Phone 20.

suicide at his home in this city by shooting. Ill health is assigned as the cause. Lane's little daughter was in the room with him at the time.

Great Britain Elections.

London, Oct. 16.—Election returns do not change the results and final figures with the exception of Orkeny islands, and leave the government a net gain of a single seat. The total number of members of parliament elected is 669.

May Be Kruttschnitt.

San Francisco, Oct. 16.—There is a strong possibility that Julius Kruttschnitt, the present general manager of the Southern Pacific company, will be appointed successor to the late C. P. Huntington.

Reentered the Bureau.

Dallas, Oct. 16.—Texas and Pacific officials here announce that that road has reentered the Southwestern Passenger bureau which they withdrew from several weeks ago because alleged violation of agreements.

WEBB BROS.

THE DAILY EAGLE.

BY CONNELLY & CARNES.

SUBSCRIPTION PRICE:
Per Week, 10c. - Per Month, 40c.

WEDNESDAY, OCT. 17 1900

Elsewhere in this issue will be found a suggestion for a convention of farmers to be held in Brenham to take steps towards getting rid of the boll weevil. The importance of this step cannot be overestimated and the Eagle hopes Brazos county will be fully represented at the meeting.

Too much emphasis cannot be placed upon the warning against planting too much cotton next year. The cotton market is now depressed by the too rapid movement of this year's crop, which is unquestionably short. With a heavy crop and movement next year prices will unquestionably fall to the old starvation level.

The International and Great Northern surveying corps crossed the Houston and Texas Central railway between Millican and Wellborn Friday, going towards Navasota. Chief Engineer Trammel passed through Navasota by private conveyance going northward to meet this corps, which is running a line from Bryan to the above city. The right of way on this line is almost level.

Murphy's Masquerade.

Bright and lively is Joe King's big Irish farce Comedy, with 25 fun makers who endeavor to please, and when such interest is taken a Farce Comedy is sure to be a success. Many specialties are introduced and the stage is never left vacant for a single moment during the time the curtain is up. It is certain to drive away the blues and leave the spectator in a good humor. It will be presented at Grand Opera House on Friday night, Oct. 19.

tion quality.

EN ROUTE TO NEW YORK

Bryan Escorted to the City by Several
Prominent Persons.

Utica, N. Y., Oct. 16.—W. J. Bryan reached Utica early this morning on his route from Cleveland to New York, where he made his first speech in this state last night. Mr. Bryan was accompanied from Cleveland by Mayor Jones of Toledo, who will be with him during the greater part of his New York tour. He was also joined at Cleveland by Norman E. Mack, Democratic national committeeman of this state.

Mr. Bryan entered his stateroom immediately upon returning from the last of his Cleveland meetings and did not emerge until Buffalo was announced. There were several calls for him by crowds on way after leaving Cleveland, but he did not respond to any of them.

Mr. Bryan has prepared no speech but will talk extemporaneously in all his meetings there. He expresses gratification over the success of his Ohio meetings.

Two Speeches at Cleveland.

Cleveland, Oct. 16.—The reception tendered to W. J. Bryan in this city last night was one of the most brilliant he has ever received of his entire tour. He was compelled to make two speeches to satisfy the immense crowd.

Mr. Bryan during the day invaded the heart of President McKinley's and Senator Hanna's country. Leaving Akron in the morning, his first stop was at Canton, and later in the day he made a brief speech at Niles, the president's native city. At night he spoke here, Mr. Hanna's home. The stops at Canton and Niles were incidental and the crowds were small at both places.

Made Ten Speeches.

Covington, Ky., Oct. 16.—Addressing one of the largest crowds that has ever

assembled in this city to listen to a candidate for public office, Governor Roosevelt last night closed his campaign in Kentucky and proceeded on his tour to Ohio. It was the tenth speech Gov. Roosevelt made during the day. His stops included Lexington, Winchester, Mount Sterling, Horehead, Ashland, Greenup, South Portsmouth, Vanceburg and Maysville.

Roosevelt at Hamilton.

Hamilton, O., Oct. 16.—At this place Governor Roosevelt made his first stop today on his tour of Ohio, speaking to a large crowd. The speaker's stand was blocked from the train. The governor was escorted by Governor Nash, Food Commissioner Blackburn, L. C. Laylin, candidate for secretary of state, and others.

Hanna Speaks Six Times.

Madison, Wis., Oct. 16.—Senator Hanna began his speechmaking tour of the northwest yesterday by making six addresses in Wisconsin, two of them of some length. The principal addresses of the day were made at Waukesha and Madison. At each of the above places Senator Hanna made two addresses. Short speeches were also made at Racine Junction and Racine.

Hanna Is Hoarse.

Waukesha, Minn., Oct. 16.—Hoarse from the efforts of Monday, Senator Hanna began speechmaking in Minnesota at an early hour today. The first stop was at Owatonna, Minn., where a large crowd gathered and gave him a warm welcome.

Stevenson at Camden.

Camden, N. J., Oct. 16.—Adlai E. Stevenson concluded his tour of south New Jersey last night by addressing a large meeting in the courthouse. Five thousand persons were unable to obtain admittance and were addressed from a balcony by local speakers.

Stevenson Goes to New York.

Camden, N. J., Oct. 16.—Democratic Vice Presidential Candidate Stevenson, who spent Monday night as the guest of ex-Judge Carrow in Merchantville, N. J., left this city early this morning for New York to participate in the Bryan demonstration.

Cotton Pickers Going North.

Navasota, Tex., Oct. 16.—Between 400 and 500 negroes living in this vicinity left for north Texas Monday to pick cotton. They have all caught the fever, although some of them were offered better wages than they could get there to remain. No inducement would stop them.

Run Over by a Train.

Uvalde, Tex., Oct. 16.—A. N. Jenkins, the Western Union telegraph operator at this station, was run over by an eastbound freight train and was badly injured. One foot was cut off at the ankle, one arm broken and his head bruised. He was in the act of delivering orders to a conductor.

Explosion in a Building.

Detroit, Oct. 16.—An explosion occurred here in the building occupied by Wittichell Sons & Co., and several other firms. One man jumped from the upper window and was instantly killed. A number of others were injured.

Negro Lynched.

Macon, Ga., Oct. 16.—A tramp negro, whose name was unknown, was lynched at Wellston for assaulting the wife of a Baptist preacher. The woman and three small children were alone in the room at the time.

Two Millions Destroyed.

New York, Oct. 16.—The fire which started in Port Limon, Costa Rica, Saturday, according to late dispatches, destroyed the entire business section of the city and caused a property loss of over \$2,000,000.

Two performances—Afternoon and Evening.
FREE Morning Exhibition on Show Grounds after the Grand Street Parade.

COTTON WEEVIL.

Convention to Devise Means for Getting Rid of the Pest.

Brenham, Tex., Oct. 14.—The ravages of Mexican boll weevil, so very disastrous to the cotton crop in this portion of the state this season, with every indication pointing to the distressing conclusion that the crop will suffer a like fate next year, has led to frequent consultations among the business men of Brenham during the past few days resulting in the conclusion to call a convention for this city to be composed of farmers and other interested persons.

The object of this convention is to discuss the matter and if possible devise some plan to destroy the weevil, in the execution of which farmers can act in concert. The precise date of the convention has not been fixed. When this is done Hon. S. O. Howard superintendent of the division of entomology, department of agriculture, Washington, D. C. and Prof. F. W. Mally, state entomologist, and filling this chair in the Agricultural and Mechanical college at Bryan, will be invited to attend and address the convention and assist in formulating a plan that will save this country further losses from this pest.—Galveston News.

COMING TO BRYAN.

Good Results of the Road and Bridge Work by Bryan Merchants.

The Navasota Daily Examiner says: "County Commissioner Gains Colson was in Navasota today from Iola, and says while boll-worms and caterpillars considerably darkened that community's crop prospects, those of Bedias, Pankey, Cobb Prairie and Martin's Prairie are very good indeed. Mr. Colson also stated that it was considered there that Bryan's cotton market was about on a par with Navasota's this year and the extra effort and road building of that town's people was tolling many farmers of that section away who had never gone there before. His brother had a summons to be in Bryan Monday morning to take a contract for the erection of a wooden bridge across the Navasota river at a point west of Martin's Prairie. This, with the new bridge lately built across Panther creek, will furnish fair roads and a near cut to Bryan."

STILL IN KENTUCKY.

Governor Roosevelt Greeted by a Big Crowd at Lexington.

Lexington, Ky., Oct. 15.—Second only to the reception extended to Gov. Roosevelt at Louisville was that at this point this morning when the first stop of the day was made. Apparently everybody in Lexington was at the depot or at the speaker's stand in front of the courthouse. Expression of enthusiasm limited only by crowd's ability and facilities for making noise, and when the governor spoke he was given the closest attention.

Governor Roosevelt was introduced by ex-Congressman W. C. P. Breckinridge and ex-Comptroller M. J. Durham who served during Cleveland's first administration.

TOUR OF BRYAN.

He Makes a Short Speech at Canton, the Home of McKinley.

Canton, O., Oct. 15.—Mayor Jones of Toledo and ex-Attorney General Monett joined the party on the special train of Mr. Bryan before it left Akron early this morning on an invitation of Mr. Bryan, and it is understood Mayor Jones will continue with the presidential candidate on his New York tour.

Mr. Bryan spent Sunday night in his sleeper and did not emerge for almost an hour after the train had pulled out of Akron. The first stopping place was at Canton. This place was on the itinerary only conditionally, and when Mr. Bryan was told he could have a stop there of five minutes if he desired, he replied simply that whether he would speak or not depended upon whether there was a crowd at the station.

Mr. Bryan had just sat down to breakfast when the point was reached. As the train drew into Canton there were cheers and a good crowd there to meet Mr. Bryan. He was received with cheers and made a five minute's speech, referring pleasantly to the president and saying if Mr. McKinley should not be reelected he could always be an ex-president, as the "ex" was a title that once earned could always be held.

HANNA LEAVES CHICAGO.

He Will Tour Several Western States Before His Return.

Chicago, Oct. 15.—Chairman Hanna of the Republican committee started on his tour west early today. He was accompanied by Senator Frye of Maine and others. The party will travel on a special train and make the first important stop at Waukesha at 3 o'clock this afternoon. From Waukesha the party moved to Madison for the night meeting. The train will then go to Stillwater, Minn., where Senators Hanna and Frye will begin the second day of their tour. The itinerary includes four or five stops in Minnesota. More time and attention will be given South Dakota than any other state to be visited. Mr. Hanna could not state the number of places at which he expected to make a talk in South Dakota, but thought he would practically cover that state from one end to the other. His principal meetings, however, will be at Sioux Falls and Pierre. Except Omaha he could not say where the Nebraska committee would send him in Mr. Bryan's state.

Stevenson Enters New Jersey.

Philadelphia, Oct. 15.—Adlai E. Stevenson passed through this city early this morning from Wilmington, Del., and crossed the Delaware river to Camden, N. J., where he began a 12-hour stump tour of south New Jersey.

Denial from Croker.

New York, Oct. 15.—Richard Croker emphatically denies the story that \$50,000 has been contributed by him as coming from Tammany Hall to the Democratic national committee.

NO WAY TO GET IN.

Imbeciles Cannot Enter This Country from Any Foreign Land.

New York, Oct. 15.—S. H. Mulne, a Philadelphia shoemaker, sent to Russia for his wife and five children. They arrived at Ellis Island several days ago and were detained because one of the children, a girl of eight, was an imbecile. The law prohibits absolutely the admittance of any insane person or idiot into this country. A brother of the woman saw Assistant Secretary of the Treasury Taylor and arranged that Mulne should take the idiot child back to Russia, while Mrs. Mulne and the four healthy children should go with him to his home in Youngstown.

Assistant Secretary Taylor said that under no circumstances could the child be brought to this country. If the father was able to give bond for \$1,000,000 that the child would never become a public charge, it would have no effect as the law makes no provisions for the entering of idiots.

Alarm Over Idnuox of Negroes.

Dallas, Oct. 15.—Some alarm is felt over what to do with negroes in the northern part of the state who have been rushed in here to pick cotton when the picking season is over.

Death of a Pioneer.

Nacogdoches, Tex., Oct. 15.—Major James R. Arnold, a pioneer citizen and formerly one of the most prominent business men of Nacogdoches died at his home here.

Died from a Spider Bite.

Beaumont, Tex., Oct. 15.—Dan V. Edwards, one of the most widely known and popular young men in this city, died at his home here from the effects of a spider bite.

BIG DEMONSTRATION.

Miners Give Their Leader a Welcome Seldom Ever Received.

Scranton, Pa., Oct. 11.—Thousands of striking mineworkers marched in review through the crowded streets of this city Wednesday and showed their loyalty to the cause for which they have been battling for the past three weeks. Not only did the strikers manifest loyalty to their principles, but showed the confidence they had in their leader John Mitchell, who came to review the parade and address the men in mass meeting.

The national president's reception was a flattering one. It was the greatest labor demonstration that has ever taken place in the Lackawanna valley. Thousands of miners and their families came to the city from all towns within a radius of 20 miles. The strike leader with James Moir, the mayor of Scranton, rode in a carriage at the head of the line. Then came a solid column of workmen that took 1 hour and 15 minutes to pass a given point.

As in the other big parades held in the region during the past ten days, many of the boys employed in the breakers preparing coal for the market were in line. There were also innumerable banners carried by the men bearing mottoes setting forth their grievances. The parade was dismissed at the circus grounds on the outskirts of the city where the big mass meeting was held. It was estimated that more than 10,000 persons were gathered around the speaker's stand.

When Mr. Mitchell in his speech told the miners that the proposition of the operators to advance wages 10 per cent was not enough, the spontaneity of the cheering was surprising and almost startling. He followed this up by declaring that the mine officers ought to abolish the company stores and the sliding scale and that they should pay the men their wages twice a month as the Pennsylvania laws direct.

Closed Their Collieries.

Hazleton, Pa., Oct. 11.—Notices were posted Wednesday night by Cox Bros. & Co. at their Oneida, Berringer, Gowen and Beaver Meadow collieries that there would be a suspension of work until the strike is settled. Not one colliery is now in full operation in the Hazleton district.

Hanna Closes His Mines.

Utica, N. Y., Oct. 11.—The Franklin furnace and Clinton Iron Ore mines, which have been operated for the last 18 months by M. A. Hanna & Co., of Cleveland, will soon shut down and go out of blast. About 400 people will be thrown out of work. No explanation is made as to why the fires will be drawn.

CROP REPORT.

Condition of Various Crops from Statistics Gathered by the Government.

Washington, Oct. 11.—The monthly report of the statistician of the department of agriculture shows the average condition of corn on Oct. 1 to have been 78.2 as compared with 50.6 last month, 82.7 on Oct. 1, 1899, 82 at the corresponding date in 1898 and 81 the mean of the October averages of the last 10 years. While the decline during September was not serious, it is extended to almost every important corn growing state.

The estimate of the yield per acre of oats is 29.6 bushels as compared with 30.7 last year, 27.8 bushels in 1898 and a 10-year average of 26.2 bushels.

The estimate of the yield per acre of barley is 30.4 bushels as compared with 25.5 last year.

The yield per acre of rice is 15.1 as compared with 14.4 last year. The average for quality is 92 against 90 last year.

In the condition of tobacco there has been a decline of 1 point in Kentucky, 2 points in North Carolina and 3 points in Virginia, Maryland and Missouri; Ohio and Wisconsin reporting an improvement of 3 points and 4 points respectively, while in Tennessee and Pennsylvania there is no appreciable change.

The sugar cane crop of Louisiana maintains its high condition of last month, 101. In all other states in which this product is raised on any commercial scale there has been an impairment of condition since Sept. 1, except in Alabama and Mississippi where the crop has about held its own.

There has been a general decline in the condition of apples, but in many of the principle apple growing states the condition is still considerably above the ten year average.

Bodies Being Recovered.

Galveston, Oct. 11.—As the laborers engaged in removing the debris near the bottom of the piles the record of dead bodies increases. Wednesday 20 bodies were recovered, on Tuesday 28 bodies were found.

Ward superintendents report there are many more dead entombed in the wreckage. Over 1500 men and 200 teams are engaged in removing wreckage and cleaning streets and alleys.

The body of Colonel Gullet of Victoria has been recovered.

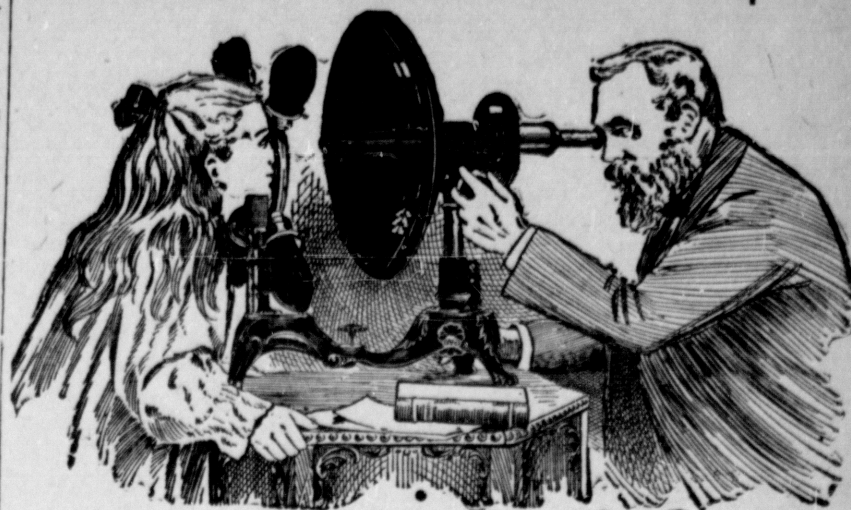

Neck Broken by a Fall.

Decatur, Tex., Oct. 11.—Jessie Owens a young man lately married, had his neck broken Tuesday about eight miles north of here. After mounting the horse the rider struck him behind, causing him to lunge forward. The girl broke and throwing young Owens to the ground with fatal results.

For the Galveston School Fund.

Sherman, Tex., Oct. 11.—The children of three of Sherman's public schools have raised \$72.50, which was sent to the Galveston School Fund.

DR. SEYMOUR IS COMING!

Dr. Seymour's coming is anxiously awaited by a great many people in this city. His former visits have always been satisfactory and all who had their eyes examined and fitted with glasses by this Eminent Expert have found he thoroughly understands his profession. The Doctor will give

A FREE COURSE OF INSTRUCTIONS

in how to cure Catarrh, Hayfever, Bronchitis, Asthma, Headache, Sore Throat and Deafness; also how to care for your Lungs and prevent consumption. Dr. Seymour is without doubt the best known and most reliable Optician in the south and the hearty endorsements that have been given him are in themselves conclusive evidence of his superior ability. He offers those who are having trouble with their Eyes, Ears, Nose and Throat an opportunity of consulting him FREE OF CHARGE. The following are a few of the Doctor's Bryan patients: Mr. L. L. McInnis, Cashier First National Bank; Mrs. W. H. Walker, Mrs. E. D. Bench, Miss Alice B. Johnson, Mrs. M. S. Edge, Mrs. S. A. Goodwin, Mr. T. W. Higgs, Mrs. Kate Wilcox, Mrs. R. S. Webb, Miss Alice Pico, Mrs. D. C. Zuber, Mr. and Mrs. J. B. Reed, Mr. D. D. Dawson. Do not neglect this opportunity; at the

PARKS & WALDROP,
MEN'S
OUTFITTERS

PATRICK'S CASE.

Several Witnesses Examined as to the Charges of Forging.

New York, Oct. 16.—Albert T. Patrick and Charles F. Jones, the former one of the counsel and the latter the valet for the late William M. Rice, the millionaire, appeared before Police Magistrate Crane Monday charged with complicity in forging the name of William M. Rice to a check for \$25,000, drawn in favor of Patrick, on the banking house of S. M. Swenson & Sons.

Present in the courtroom and interested in the case were Captain John H. Baker, Rice's lawyer from Texas, who represents all the heirs, Walter R. Wetherbee, manager of Swenson & Sons, David N. Carvalho and William J. Kinsley, handwriting expert.

Patrick gave his age as 34 years, said he was born in Texas and that he was a lawyer by profession. Patrick and Jones both pleaded not guilty.

The only feature brought out during the trial was the presentation of the check for payment by David L. Short, and the refusal of the bank to pay.

Handwriting experts will testify today.

HAWLEY WINS.

Mark Hanna Recognizes His Party as the Official One of Texas.

Sherman, Oct. 16.—Official notification has been received by Cecil A. Lyon of Sherman from M. A. Hanna that the Hawley faction of Texas Republicans will be recognized by the national committee.

As the matter now stands there are two Republican organizations in Texas, each having a state ticket. At the head of the recognition faction is Congressman Hawley of Galveston, while E. H. R. Green is at the head of the other faction.

Chairman Lyon has called a meeting at Dallas on Oct. 18, for the purpose of withdrawing one of the state tickets, fixing up the congressional ticket and arranging party matters.

It is said the Green faction gave pledges of acceding to the decision to Chairman Hanna.

MOB OF STUDENTS.

They Attempt to Force Their Way into the Opera House at Austin.

Austin, Oct. 16.—A mob of about 200 University students attempted to take possession of the Grand opera house last night while the performance was in progress. The entrance doors were barricaded and held shut by a force of men from the audience and the repeated assaults of the mob were resisted. Several valuable pictures in the lobby were demolished. The whole police force, headed by Chief Thorp, was called out to quell the mob, but they were unable for a time to cope with it. Manager George Walker made a complaint against a number of the leaders, and they will be arrested.

The affair created much excitement and the participants in the riotous attack are severely denounced by the respectable element of the city.

Ejected by Indian Police.

Ardmore, I. T., Oct. 16.—Acting under orders from Indian Agent Schoenfeld, Captain Jack Ellis, chief of Indian police, ejected J. Bodowitz, a merchant, for refusing to pay the tribal tax. He was taken to the Oklahoma line and released. This is the first instance in Ardmore where a person has been removed. An intruder's return is punishable by a fine of \$1000 by civil action.

Distress in Matagorda.

Austin, Oct. 16.—Hon. Wells Thompson was in the city Monday and called on Acting Governor Browning regarding the relief of the storm sufferers at Caney, Matagorda county. Mr. Thompson stated that the conditions at that place are serious and many of the families there are destitute and in sore need of relief.

Both May Die.

Denison, Tex., Oct. 16.—A premature shot in mine No. 3, at Witteville, I. T., caused a considerable disaster. Frank Nunnally and John Miller were horribly burned and may die. The engine house of the mine was wrecked by the explosion, which was caused by a "windy shot."

Will Try Rice.

Navasota, Tex., Oct. 16.—A great many farmers living in the country adjacent to Navasota will experiment in the cultivation of rice. These men claim that they have the very same identical soil that rice is raised on in Louisiana and southeastern Texas.

Honors for Secretary Hay.

Princeton, N. J., Oct. 16.—President Patton has announced that the degree of doctor of laws will be conferred upon John Hay, secretary of state, at the commemoration day exercises next Saturday.

Absconded With \$18,000.

El Paso, Tex., Oct. 16.—It is officially reported here that a Wells-Fargo agent in Texas absconded Saturday night with \$18,000 of the company's cash. Division Superintendent Davis of this city left for the place.

NEWS IN BRIEF.

Farmers around Navasota, Tex., will try rice growing.

Rush Phillips is under arrest at Muskogee, I. T., charged with wrecking a Katy train near Eutawla last summer.

Logan Walker was shot and killed near Bryan, Tex., by Arthur Carter. Both negroes.

Cecil Sanders, engineer on the freight train that was wrecked near Lampasas, Tex., died at Temple of his injuries.

YOUTSEY ON TRIAL.

His Case Resumed After Suspension
of Several Days.

NOT YET RECOVERED

His Bed Was Placed Near a Door Entering into the Court Room.

Arthur Goebel Was Principal Witness in the Box.

Georgetown, Ky., Oct. 16.—The Youtsey trial was resumed yesterday, although Youtsey was reported in the same condition as last week. His room door was opened and his bed pulled up in plain view and hearing of the jury and while the witnesses were examined Youtsey could be heard calling his wife's name in a hollow, moaning voice and could be seen tossing on his bed.

The feature of the day was the testimony of Arthur Goebel. He told of going to the jail the day Youtsey was arrested. His testimony revealed nothing startling, as the same evidence had been produced before, except the details were explained more fully.

When court convened Attorney Nelson for the defense said the physicians reported Youtsey's condition unchanged and asked for further postponement.

Attorney Franklin for the commonwealth objected and said if the accused was always sick when the trial was on and well between times, there never would be a trial. Colonel Campbell for the prosecution said the doctors held that Youtsey was able to hear, understand and reason, but that he could not always talk. He read from text books to show that Youtsey was simulating. Mr. Nelson said he and Judge Askew were alone with Youtsey and tried in every way they knew to arouse him, but got no response.

Judge Cantrill overruled the motion for continuance and said that all the rights of the defendant would be preserved under the law.

Colonel Crawford asked that the physicians be allowed to testify to the condition of the defendant. On that motion Dr. Carrick said Youtsey was weaker and no better. While Dr. Knox was testifying the door of Youtsey's room opened and he could be heard groaning and sobbing hysterically.

Judge Cantrill said he had no discretion in the matter and that the trial must proceed. The commonwealth was given until 2 o'clock to say whether it will object to allowing Youtsey to remain in the jury room during the trial.

On convening in the afternoon the court said it had no discretion in the matter, and unless counsel would agree, he would have to rule that Youtsey must be present in court.

No agreement could be reached and at 2:30 Youtsey was brought to the door of the jury room on his bed and the door left open.

The defense asked that James Howard be brought from the jail at Frankfort to testify on behalf of Youtsey.

Wharton Golden testified that he saw John L. Powers give Youtsey a key on Jan. 29, and Powers said it was a key to Caleb Powers' office.

W. H. Culton testified that Youtsey told him of the plan to kill Goebel and escape through the basement; that Youtsey asked him to swear after the shooting that he (Youtsey) was in the legislative hall when the shot was fired; that Youtsey told that Governor Taylor had been urging him to leave the state, and Culton said he told Taylor about it and Taylor told Youtsey to deny any such thing in the future and to deny all knowledge of the shooting.

The defense sought to prevent Culton from testifying because his statements had been contradicted by the states witnesses on examining trial, but the judge overruled the motion after a long discussion.

Culton was cross-examined at the night session and stood up fairly well under the cross fire. Upon the conclusion of his testimony the commonwealth rested its case and the court adjourned until today to give the defense time to consult as to making a statement to the jury.

Killed in a Barber Shop.
Orange, Tex., Oct. 16.—T. L. Fuller, the Texas ranger indicted at the spring term of the district court in this county for the killing of Oscar Poole, was shot and instantly killed here in a barber shop on Front street. Thomas Poole, a brother of the man killed by Fuller, surrendered and was taken to Beaumont.

Gambling in the Woods.
McKinney, Tex., Oct. 15.—Deputy sheriffs arrested 15 gamblers 14 miles southeast of McKinney Sunday about the noon hour. They were secluded in a timbered section. Two of the men were Dallas sports. When arrested they were in the midst of a game with \$600 at stake.

On Trial for Murder.
Marysville, O., Oct. 16.—Rosslyn H. Ferrell was placed on trial for his life here on the charge of murdering Express Messenger Charles Lane on Aug. 10, 1900. The only defense will be insanity and an attempt will be made to prove him a degenerate.

Germany Leases an Island.
Aden, Oct. 16.—The sultan of Turkey has leased to Germany for 30 years, the island of Uroan, in the Red sea, 40 miles north of Kamaran, for a coaling station.

THE LOOT IN CHINA.

It Is a Question Whether the United States Can Keep the Gold.

Washington, Oct. 16.—The American share of loot at Tien Tsin is larger than it was first reported. It has been understood that all the Americans took after the capture of Tien Tsin was gold, amounting in value to \$278,000. This report arose from the fact that Li Hung Chang asked General Chaffee to restore that sum to the Chinese government. It now appears that this \$278,000 was only the value of gold coins, and gold bars taken from the Chinese treasury at Tien Tsin, and apparently it was only the money taken from the treasury which concerned Earl Li as a government official.

Things of value were also obtained from other sources and it is now reported that the total value of the loot will reach a figure about \$100,000 in excess of the amount originally reported. The gold coin and bars taken from the treasury were melted by order of General Chaffee. Nothing is yet known about similar seizures in Peking or at points along the line of march. The total value of the seizures will probably be very high. Li Hung Chang's request for the \$378,000 taken from the treasury has received no reply.

There is considerable doubt about whether the United States is entitled to keep this gold, whatever its amount may finally be decided to be, because this government has been proceeding on the theory that no war exists in China. The expedition of General Chaffee has been repeatedly defined as a rescue expedition, and not an invasion. The United States has kept up communication with the officials and representatives of the Chinese government and has insisted in regarding the whole trouble in China as the result of internal disturbance, which did not justify open war.

It is therefore doubtful whether the American government can take the contents of a Chinese government treasury as spoils of war. Nevertheless it is extremely unlikely that the gold will ever be returned to China, even that part of it identified and claimed by Li Hung Chang. It may not be held as spoils of war for the reason given, but it will probably be held as part payment of the indemnity which America will demand. It will certainly not be returned until the peace negotiations are concluded nor will any final decision about what to do with it be made until that time. Certificates for at least a large part of it, have been deposited in the war departments account with the treasury department. They will stay there for a long time to come—certainly until the peace negotiations are concluded, and probably longer.

The chief spot of speculation now therefore is not what will become of the loot, but what the amount is. The sums already reported cover only the amount taken at Tien Tsin. Officials have no information to give concerning any sums which may have been taken at the cities along the Pei Ho or at Peking itself. There was undoubtedly a great deal of looting at the capital, but whether any share of it fell to the Americans is a question concerning which no information is yet obtainable. This is not surprising, however, in view of the fact that Tien Tsin was taken in July, and that it was three months later before any official statement could be obtained about the seizures there. In fact, only five days ago it was denied on high authority that General Chaffee had sent any report on the subject, although he had.

All Accept French Proposition.
Paris, Oct. 16.—At a cabinet council here the minister of foreign affairs, M. Delcasse, announced that all the powers had accepted the French note as a basis for negotiations. The minister added that he had been informed Li Hung Chang had just ordered the Black Flags and the Kwang Si troops, which are traversing the province of Hu Nan on the way to join the court at Sian Fu, to abandon their march and return to Canton.

American Interests Attacked.
Hong Kong, Oct. 16.—Americans and their extensive interests in far South China are imperiled by a rebellion in Kemang Tung province. Already the revolt is growing to such proportions that Chinese authorities are unable to suppress it. Mr. Wildman, the United States consul general at Hong Kong, has gone to Manila to confer over the critical situation with General MacArthur, commander-in-chief of American troops in the Philippines.

Kentucky Goes to China.
New York, Oct. 16.—The battleship Kentucky, which has been ordered to the Asiatic station, will leave here at once for the Brooklyn navyyard. She will take 300 marines from the Vermont to the Asiatic squadron to fill out the complements of the various vessels in Admiral Schley's squadron. It has been rumored that Rear Admiral Barker, the commandant at the Brooklyn navyyard may be assigned to duty at the Asiatic station.

The Florida Orange Crop.
Jacksonville, Fla., Oct. 16.—Conservative estimate of Florida's orange crop this year places the yield at 1,000,000 boxes. An extra large yield will be had in Manatee, Hillsboro and DeSoto counties. The groves are in a healthy condition and within about two weeks the fruit will begin to be marketed. Before the freeze in 1895 when the yield was 5,000,000 boxes, they sold at 50 cents, but this year the average price per box is \$2.

Young Women

The entry into womanhood is a critical time for a girl. With her whole being undergoing a change, the seeds of female troubles are sown. Little menstrual disorders, if neglected at the time, will follow the woman all her life and grow into fatal complications. That female troubles are robbing homes and filling graveyards, proves this. Yet, irregular and painful menstruation are often permitted to go on, sapping the life and energy, while Wine of Cardui, the positive relief for these ills, is on the shelf of every drug store. Wine of Cardui helps the maiden sustain the shock of puberty by inducing a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Wine of Cardui is an emmenagogue of great power, and works wonders in strengthening the delicate and sensitive female organs. Many young women owe their lives to Wine of Cardui. No woman should give up hope until she has given Wine of Cardui a trial. If thousands have secured relief through it, why not you?

WINE OF CARDUI

Tully, Kas., Feb. 24, 1899.
I have suffered untold pain at menstrual periods for a long time; was nervous, had no appetite, and lost interest in everything; in fact was miserable. I have taken four bottles of Wine of Cardui with Black-Draught when needed and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me.

Miss DELLA M. STRAYER.

In cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

New drug store

It is with pleasure and pride that I invite my friends and the public to call on me at my new drug store near the Exchange hotel. FOR CORN, OATS, HAY, MEAL, HULLS, BRAN, or anything in the FEED STORE line. I am pleasing those who have tried me and want to add other names to my list. Give me a trial order, if not already a customer. I have everything in my line at lowest prices.

Yours to please,
E. C. HARDER.
